## **III. Unfinished Business**

- a. None.

## **IV. New Business**

- a. ECSWC: Janelle Troupe - Update
- b. MPCA: Peder Sandhei - Update on State Hauler Reporting Requirements

*The State has been working on revisions to SCORE since 2009 in order to increase accuracy & efficiency, based in part from recommendations from the counties. In 2014 Facilities were required to report directly to the MPCA annually through the ReTrac system, followed in 2015 by county reporting, and (pending current legislative approval) requiring haulers to report directly next year in 2016. The MPCA will now ask counties for licensed haulers and recyclers, and are working on standardizing reporting forms so haulers can give state & counties the same report. Peder Sandhei from MPCA will give a summary of these new hauler reporting requirements and answer questions concerning the effort. All east central Minnesota haulers are welcome to attend,*
