PERMIT SECTION: Site Permit Condition 4.2.2 – Site Manager (REVISED)
DATE OF SUBMISSION: November 11, 2016

North Star Solar PV LLC (“North Star”) respectfully submits this revised filing in accordance Section 4.2.2 of the Site Permit.

“The Permittee shall designate a site manager responsible for overseeing compliance with the conditions of this permit during the commercial operation and decommissioning phases of the project. This person shall be accessible by telephone or other means during normal business hours for the life of this permit.

The Permittee shall file with the Commission the name, address , email, phone number and emergency phone number of the site manager 14 days prior to placing the facility into commercial operation. The Permittee shall provide the site manager’s contact information to affected landowners, residents, local government units and other interested persons. The Permittee may change the site manager at any time upon notice to the Commission, affected landowners, residents, local government units and other interested parties.”

John Ihle with Swinerton Builders is the Site Manager for the North Star Solar Project. To ensure an immediate and appropriate response to calls and inquiries, North Star asks that all initial contact with the project and Site Manager be made through the Swinerton National Operations Center (NOC). The Swinerton NOC is a 24/7 facility and will appropriately connect individuals and entities to the Site Manager or other project contacts. In cases of emergency, the Swinerton NOC will notify the appropriate authorities as well as the Site Manager and other project representatives.
