

# WATERCRAFT INSPECTION PROGRAM

## PROTECTION FROM AQUATIC INVASIVE SPECIES

The Lake Improvement District partnered with the Comfort Lake Forest Lake Watershed District to conduct boat launch inspections at 13 public water accesses.

The goal of the Watercraft Inspection Partnership is to inform and educate the public on the threats of ecologically harmful aquatic invasive plants and animals to the Chisago Lakes Chain of Lakes and the lakes in the Comfort Lake Forest Lake Watershed District. The watercraft inspector works at public water access sites educating the public by providing information to watercraft users and conducting a brief survey while inspecting watercraft for invasive species.

### Partners:

- Chisago County
- Chisago Lakes Lake Improvement District
- Comfort Lake Forest Lake Watershed District
- Minnesota Department of Natural Resources

### Boat Launches

#### Inspected:

- Bone
- Chisago/Lindstrom
- Comfort
