

PUBLIC OUTREACH & AWARENESS

Community Events Attended in 2015:

- Chisago Lakes Home & Business Expo
- Harmony in the Park Water Festival
- Karl Oskar Days
- Ki-Chi-Saga Days

Each year, the Chisago Lakes Lake Improvement District, along with area Lake Associations, participate in various community events. An informational, interactive booth is staffed by board members, employees, community and Lake Association members at these events.

Residents in the community stop by and learn about the Lake Improvement District and the many projects they are involved in and have completed, many in collaboration with area Lake Associations and the Chisago Soil & Water Conservation District.
